

HIGH LUMEN LIGHTING

1-800-407-8784

Contained entirely within the fixture's heat-treated aluminum head, the Bullet's innovative LED module and electrical components are fully integrated into its design.

- Up to 2000 Lumens
- Efficacy: Up to 103 LPW

Powerful, energy efficient, and incredibly reliable: The Lineup Collection is home to our most groundbreaking designs yet!

- Up to 5600 Lumens
- Efficacy: Up to 90 LPW

Developed with businesses in mind, these fixtures incorporate powerful LED technology to produce an extremely bright light. Small and large globes offer customizable hand-painted striping, ideal for every space.

- Up to 6500 Lumens
- Efficacy: Up to 105 LPW

These fixtures were thoughtfully engineered to emphasize performance and efficiency in their designs. All high lumen LED fixtures feature Integrated LED COB, 90+ CRI, Tri-Mode Dimming™, and L90(11K) > 61,000 Hours. With this technology and our meticulous construction process, high lumen lighting is a dependable, long-lasting option.
